- (c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. RESTRICTIONS APPLICABLE TO OFFERORS (JANUARY 2006) Violation of these restrictions may result in disqualification of your offer, suspension or debarment, and may constitute a violation of the state Ethics Act. (a) After issuance of the solicitation, *you agree not to discuss this procurement activity in any way with the Using Governmental Unit or its employees, agents or officials*. All communications must be solely with the Procurement Officer. This restriction may be lifted by express written permission from the Procurement Officer. (a) If the Offeror is an individual, the Offer must be signed by that individual. If the Offeror is an individual doing business as a firm, the Offer must be submitted in the firm name, signed by the individual, and state that the individual is doing business as a firm. (b) If the Offeror is a partnership, the Offer must be submitted in the partnership name, followed by the words "by its Partner," and signed by a general partner. (c) If the Offeror is a corporation, the Offer must be submitted in the corporate name, followed by the signature and title of the person authorized to sign. If the Offeror is a joint venture, the Offer must be submitted in the name of the Joint Venture and signed by every participant in the joint venture in the manner prescribed in paragraphs (a) through (c) above for each type of participant. (e) If an Offer is signed by an Agent. Upon request, Offeror must provide proof of the agent's authorization to bind the principal.

STATE OFFICE CLOSINGS (JANUARY 2006) If an emergency or unanticipated event interrupts normal government processes so that offers cannot be received at the government office designated for receipt of bids by the exact time specified in the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal government processes resume. In lieu of an automatic extension, an Amendment may be issued to reschedule bid opening. If state offices are closed at the time a pre-bid or pre-proposal conference is scheduled, an Amendment will be issued to reschedule the conference. Useful information may be available at: http://www.scemd.org/scgovweb/weather-alert.html

SUBMITTING CONFIDENTIAL INFORMATION (AUG 2002): (An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected! If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, it's officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from the State withholding information that Offeror marked as "confidential" or "trade secret" or "PROTECTED". (All references to S.C. Code of Laws.)

Needs Assessment

The contractor will conduct a needs assessment assessing current client's perception of the availability and use of medical and support services. The clients of the 11 service providers in the State of South Carolina are the target population for the assessment. The purpose of the needs assessment is to create a sound information base for planning and decision making. The purpose of this assessment is to gain insight into the client's knowledge of available services, whether clients are accessing needed services, and how well they understand their treatment. This assessment will also identify service gaps, those service needs not currently being met by the clients, and ensure that resources are targeted to the services with the greatest demonstration of client benefit. The results of the needs assessment will be used in setting priorities for allocation of funds among service needs, developing the comprehensive plan, and crafting the annual implementation plans. The results may also be used to provide baseline data for evaluation and to help providers improve services. Information from the survey results could also be incorporated in the Statewide Coordinated Statement of Need.

The Contractor Must:

- 1. Create and design a survey tool. The tool should gather an array of information in order to identify trends and common themes. The needs assessment should ask about availability of services, the client's use of those services, the client's understanding of those services, the client's met and unmet needs for particular services, and his/her service priorities. Barriers to not using certain services should also be identfied. In order to compare trends by gender, race/ethnicity, age, poverty level, HIV risk factors, urban/rural, this type demographic information must also be included in the survey tool. The Needs Assessment Team (comprised of Service Providers and DHEC staff) will assist with the survey tool content and will review the tool prior to distribution to ensure all factors are represented.
- 2. After reviewing the information regarding number of clients served by each service provider in 2007, determine an appropriate sample size to ensure representation of the target population. Use of a random or probability sample is required.
- 3. Administer the survey tool to the identified sample number. Coordinate a data collection process where the survey is either collected at a location other than the provider location and/or by an administrator not associated with the provider. If survey administrators are used, all survey administrators must undergo a training provided by the contractor to ensure the surveys are administrated uniformly and protect the confidentiality of the respondents. Many of the clients will need the surveys to be administered to them. Mailings and internet surveys are not reliable methods of survey administration for this population. It is possible to include incentives for People living with HIV/AIDS (PLWHA) to complete the survey.
- 4. Analyze the survey data to determine the client's perception of the availability of services, the client's use of those services, the client's understanding of those services, the client's met and unmet needs for particular services, and his/her service priorities. Barriers to not using certain services should also be identified. Compare and contrast the information by gender, race/ethnicity, age, poverty level, HIV risk risk facotrs and geographic location (urban vs. rural).
- 5. Prepare a summary report, including tables and charts, that are cleat and easily understood. A total of twelve (12) reports will need to be prepared. An individual report for each of the eleven local service providers with their local results and a statewide combined report. The reports should include examples of successful delivery of services, service gaps, barriers to service, and recommendations to how the state and service providers can better meet the needs of the client population.
- 6. Provide monthly progress updates to the Needs Assessment Team.
- 7. At the conclusion of the project, present the information to the Needs Assessment Team.
- 8. Work closely with the Ryan White (RW) Part B Service Providers and DHEC staff on the Needs Assessment Team to ensure acountability of the contractor. This team will be available to assist the contractor throughout the assessment process and ensure contractor accountability.
- 9. Agree to both DHEC and Service Providers confidentiality standards.
- 10. The survey tool and data must be stored and maintained under lock and key in a secure location by the Contractor in accordance with DHEC confidentiality and records maintenance requirements. By the end of the Contract the Contractor shall turn all of the information over to DHEC, STD/HIV Division, HIV Needs Assessment Coordinator.

The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements.

CONTRACTOR'S USE OF STATE PROPERTY (JANUARY 2006): Upon termination of the contract for any reason, the State shall have the right, upon demand, to obtain access to, and possession of, all State properties, including, but not limited to, current copies of all State application programs and necessary documentation, all data, files, intermediate materials and supplies held by the contractor. DEFAULT (JANUARY 2006):

- (i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;
- (ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or
- (iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).
- (2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.
- (b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.
- (c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.
- (g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.
- (h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

State shall not admit liability or agree to a settlement or other disposition of the suit or claim, in whole or in part, without the prior written consent of Contractor. State shall reasonably cooperate with Contractor's defense of such suit or claim. The obligations of this paragraph shall survive termination of the parties' agreement.

I understand that the South Carolina Department of Health and Environmental Control (DHEC) has a legal and ethical responsibility to maintain confidentiality of information as to personal facts and circumstances of DHEC employees, clients, or other citizens given or made available to DHEC in administration of the agency's programs and services.

DHEC's Confidentiality Policy states that Information about personal facts and circumstances of DHEC employees, clients and other citizens will be kept confidential and will not be disclosed without the individual's written authorization, except as required by law or as required to perform agency responsibilities. Protected Health Information that identifies an individual generally cannot be released unless properly authorized by the client or his/her legal representative, or pursuant to a specific exception under the Health Insurance Portability and Accountability Act (45 CFR Parts 160 and 164).
